RE: City of Ferguson Map Plan for Future Annexation
via Courier

Dear Sirs,

The City of Ferguson is enclosing a map showing the extent of annexations anticipated by the city over the next five years according to the Boundary Commission's rules.

This map has been recommended by the City's Plan Commission and adopted by the City Council at their meeting of June 27, 2000 (see attached page from City Council minutes).

Phase 1 of the proposed annexation includes an area contiguous to and northeast of the current city limits. Phase 2 includes the City of Kinloch. While the City of Ferguson is not proposing to annex an incorporated city, Ferguson does propose annexing this area if the City of Kinloch is disincorporated over the next five years. Phase 3 of the proposed annexation includes an area contiguous to and east of the current city limits.

Questions or comments on this proposed map should be forwarded to the city's contact person as follows:

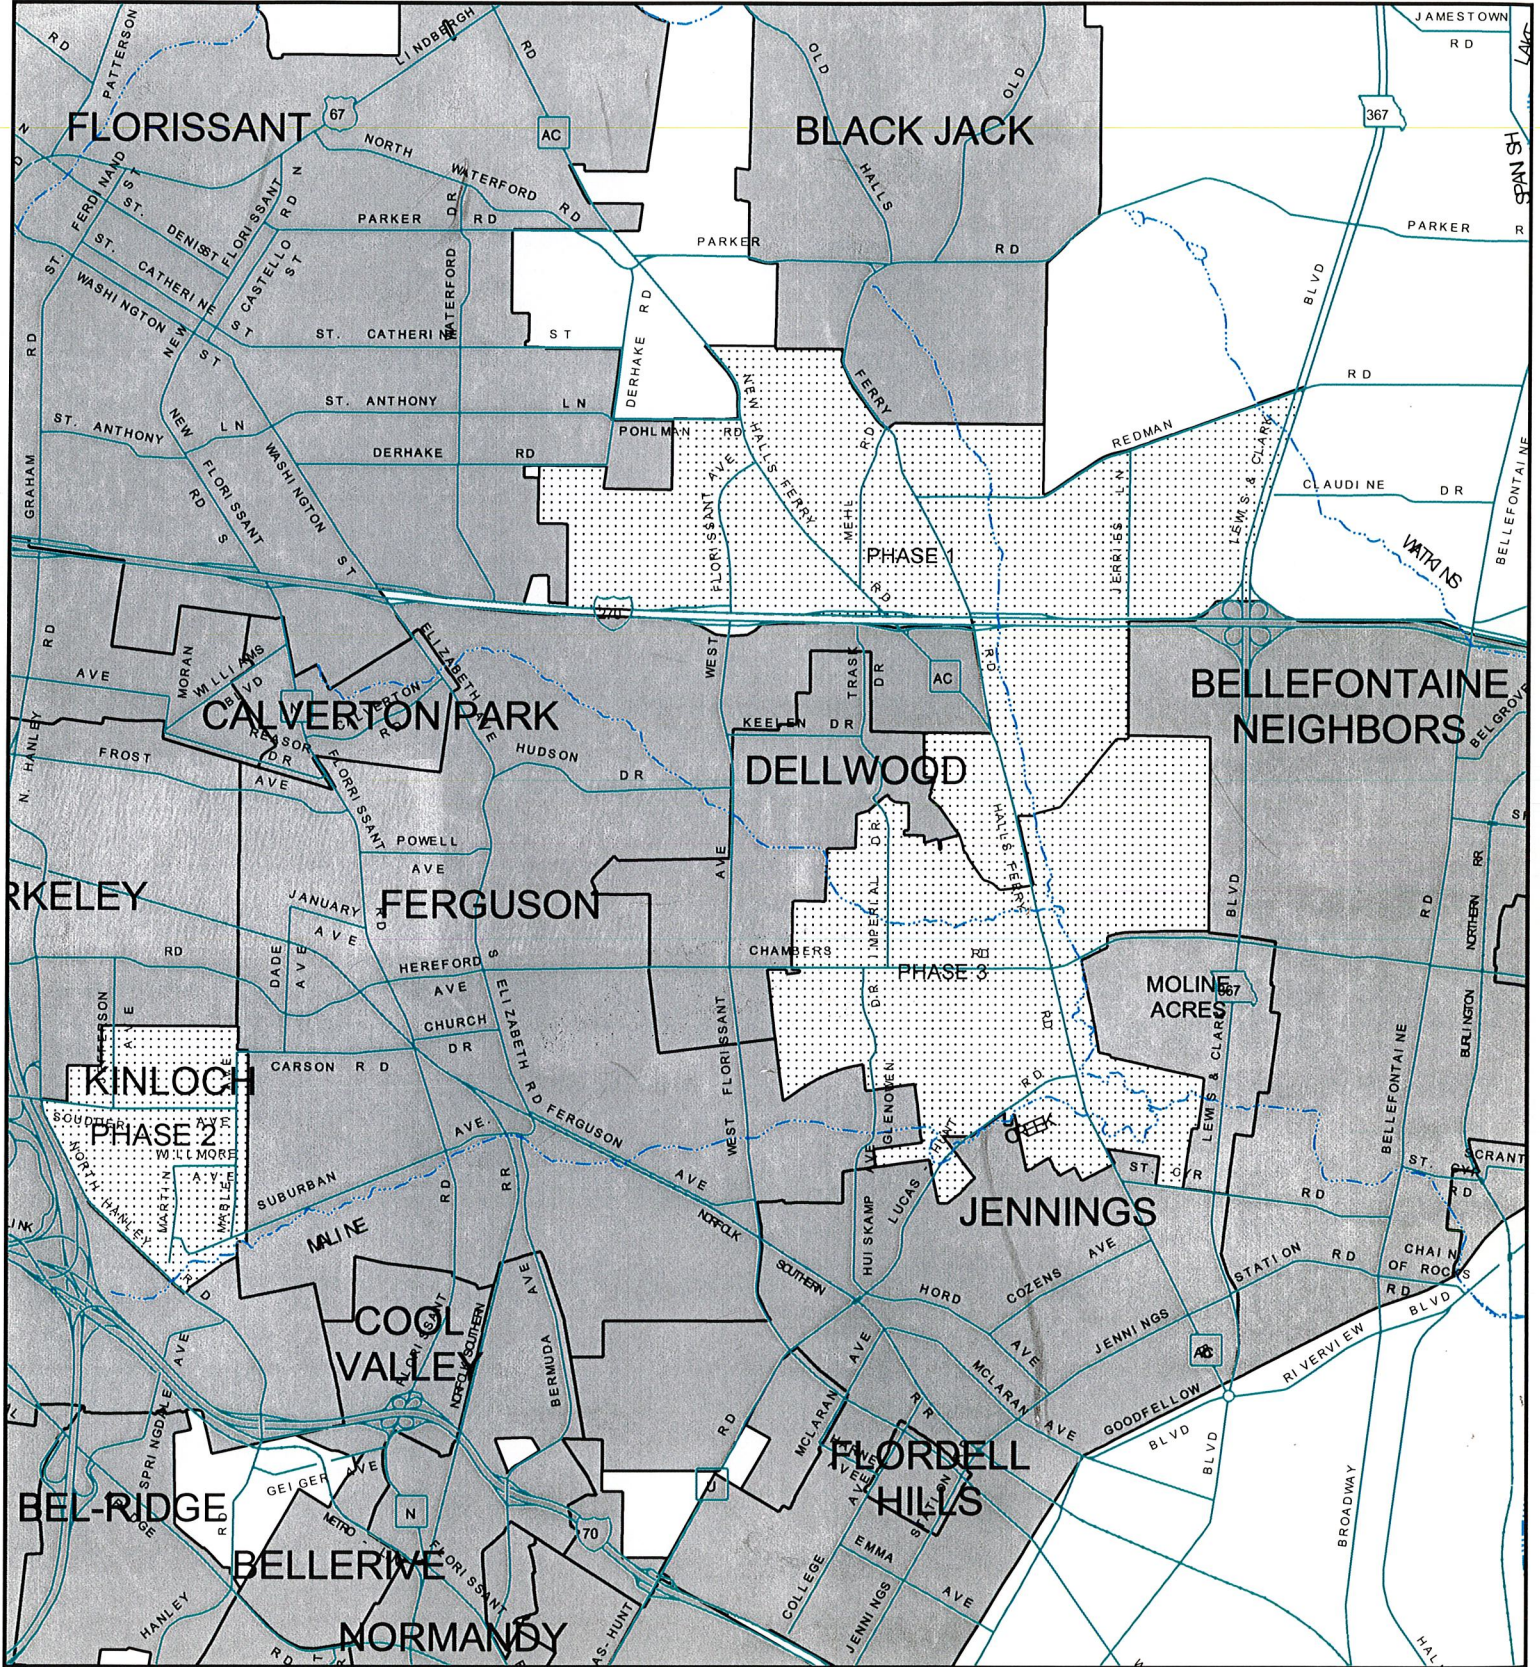

Mr. Allen Gill
City Manager
10 Church Street
Ferguson, MO 63115
Phone: (314) 524-5151

Sincerely,

Richard M. Shearer
City Planning Consultant
